South Fork School District is fully committed to providing in-person instruction to families who have requested. The district will move to full remote only when a recommendation is made from a government organization that oversees public health in Christian County, ISBE, or the governor's office. The district will also evaluate the plan if a positive case is found with the school setting. That being said, the last few days have shown that we need a little extra time to prepare for opening the doors and offering both remote and in-person instruction. We are moving the first day of student attendance back until August 24. We are sorry for any inconvenience this may cause, but we feel it is in the best interest of families, students, teachers, and staff members.

Stephen Groll, *Principal 6-12*

Athletic Director
