## Semester Exam Schedule

### Spring 2025

#### **Semester Exams**

Semester Exams will be held on Tuesday, May 20, 2025 and Wednesday, May 21, 2025

Semester exams will count as 10% of overall semester grade. Class periods will be extended and students will have more time to complete the tests in a single class period. If a student is required to take semester tests and does not show, a semester grade will not be issued for that student until the exam is made up. Students will need to discuss make-up procedures with the building principal.

High School students only have Open Campus Lunch privilege during exams. It is customary that we will allow High School students to leave early from the exam immediately prior to lunch. On Tuesday 5/20/25 High School students may be released from their second hour exam at 10:30 AM. On Wednesday 5/21/25 High School students may be released from their 7th hour exam at 11:50 AM.

High School Students need to be in attendance only for the periods they have exams. It is the student's responsibility to make certain they are back in time for their next exam. If a student does not show up for their semester exam it will be recorded as an incomplete grade.

**Semester Exam Incentives:**

During a semester students may earn the incentive that allows them to be exempt from taking the semester exam in a particular class. Students may earn the incentive in the following manner:

**Criteria 1:** Not receiving an in-school or out of school suspension or more than 5 unexcused absences.

**Option A:** Maintaining an A average for the semester in that particular class.

**Option B:** During a semester, if a student has been absent from class 2 or less times, either excused or unexcused, then they will earn the attendance incentive that allows them to not have to take the semester final for that particular class. If a student misses a class due to a school activity, field trip, or college/military day then that absence will not count against this incentive.

**Option C:** Maintaining a B or C average for the semester in that particular class in addition to maintaining at or above grade level performance on Star 360 Benchmarks throughout the semester.

\*A student is allowed to fall below grade level on one monthly benchmark per semester. If a student falls below grade level a second time on a Star 360 Monthly Benchmark during a semester they may still earn the incentive by re-taking the benchmark and bringing it back up to at or above grade level

**Senior Option:** Seniors can earn the reward of not taking their 2<sup>nd</sup> semester exam as determined by the building administration and having earned passing grades in all of their classes.
